SANITARY SERIES

A black and white photograph of a large industrial factory floor. In the foreground, there are several rows of large, white, bagged items, likely tiles, stacked on a metal frame. The bags are tied at the top and appear to be made of a heavy material. In the background, the factory floor is expansive, with various pieces of machinery and equipment visible. A small truck or cart is parked in the middle ground. The ceiling is high with a complex network of steel beams and pipes. The overall scene depicts a large-scale manufacturing environment.

WOODEN PLANK SERIES

A black and white photograph of a large industrial facility, likely a kiln or drying plant. The image shows a long row of large, rectangular metal chambers or kilns. Each chamber has a heavy door with multiple locking bolts and a control panel on the right side. The chambers are arranged in a line, receding into the distance. Above the chambers, there is a complex system of metal tracks and rollers, suggesting a conveyor or transport system for materials. The floor is a smooth, light-colored concrete. The overall atmosphere is industrial and functional.

MOCKUP SERIES

A black and white photograph of a large industrial warehouse. The space is filled with stacks of metal materials, including pipes and beams, organized on multiple levels. In the foreground, there are various metal frames and a circular saw. The warehouse has a high ceiling with a grid of lights and a mezzanine level with railings.

India's No.1
